

DISTRIBUTED PRODUCTS

Statco-DSI represents over one hundred manufacturers in the food, beverage, dairy and biopharm industries. Whether you need an entire system or to expand an existing line, let us link your good name with the best names in the sanitary processing industry.

STATCO-DSI: Skidded process and CIP systems, blending and mixing systems, bottle casers, valve manifolds, pump carts, flow panels, hot sets, homogenizer and filler service

AGC: ProFlow Series™ plate heat exchanger, plates, re-gasketing, re-streaming, field leak checks

FRISTAM: Centrifugal, positive, and liquid ring, and multiple-stage high-pressure pumps; shear blending pumps and blending systems

ALFA LAVAL, G&H, TRI-CLOVER, CONTHERM: Centrifugal and positive displacement pumps, single seat, mix-proof, butterfly, ball, plug, air relief, fractional and check valves; fittings, tubular and spiral heat exchangers, contherms and flow meters

PENTAIR SUDMO: Single seat & aseptic, mix-proof, PMO mix-proof, butterfly and ball valves

TETRA PAK: High pressure pumps, homogenizers, heat exchangers, separators

ANDERSON: Level, temperature, pressure and flow sensors; recorders, controllers, HTST legal instruments, positive displacement, magnetic flow, turbine and mass flow meters

VNE: Stainless steel fittings, valves and specialty related products

Sanitary centrifugal and positive displacement pumps

High-pressure pumps, homogenizers

Sanitary gaskets, hoses and components

Homogenizers, parts and service

Piston pumps, diaphragm pumps, drum unloading systems

CIP systems, COP tanks, inline strainers, spray balls, cabinet washers, rinse/foam/sanitize units

Ultraviolet purification and disinfection systems

Lubricating spray

Filters and filter systems

Magnetic separation system

Valve and pump repair

Progressive cavity pumps

Automatic stack palletizers, unitizers, container and package equipment, case handling conveyor and equipment, case stackers

Corrugated, scrape and plate heat exchangers; piston pumps

Positive displacement pumps

Condensate purification, dry compressed air, clean compressed air, sterile filters

Sanitary and industrial direct steam injection heaters

Automated fillers

Product analyzers

Weighing systems and load cells for inventory and batching systems

Sanitary and Industrial drum pumps, diaphragm pumps

Bottle filling and capping systems

Laeufer International: Pigging systems, arc valves

Diaphragm valves, sanitary components

Tanks, silos, vessels and tubular heat exchangers

Double diaphragm pumps and drum unloading systems

Sanitary, food, transfer and washdown hoses, hose accessories and fittings, nozzles and mixing stations

Tank cleaning equipment, spray nozzles and Toftejorg rotary jet nozzles

Ozone generators

Silicone, poly, EPDM, rubber and specialty reinforced hoses, hose assemblies, adapters, sight flow indicators

Precision 304 and 316 stainless steel and specialty alloy tubing products

Label and marking systems

VALVES & PARTS

APV	Aseptic valves
Bradford	Air blow valves
Cipriani	Ball valves
Definox	Butterfly valves
G&H	Check valves
Jensen	Compression valves
Lee	Diaphragm valves
Lumaco	Gate valves
Q-Controls	Plug valves
QMI	Relief valves
Saunders	Sampling ports
Stainless Products	Sampling valves
Strahman	Sanitary valves
Sudmo	Vacuum breakers
